Dear Sir/Madam,

Sub: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Unit: Sigachi Industries Limited

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 this is to inform the Stock Exchanges that on June 30, 2025, at approximately 9:20 AM(IST), a fire incident occurred in the vicinity of our Hyderabad Plant located at Plot No. 20-21, IDA Pashamylaram, Phase -1, Medak District, Telangana state, Pashamylaram, Telangana 502307.

The incident has unfortunately resulted in loss of human life, and there may have been individuals who sustained injuries. While the exact number of injuries is currently being confirmed, the well-being of our personnel remains our foremost priority. Sigachi deeply mourns the loss of life and extends heartfelt condolences to the families of the deceased. We are extending all possible support to those affected.

In addition to the human impact, the incident also caused damage to certain ancillary equipment and civil structures within the facility. A thorough on-ground assessment of the situation is currently in progress, and we are coordinating with relevant authorities to ensure all safety and support protocols are followed. While the core manufacturing infrastructure has suffered damage, the operations at the plant will be temporarily paused for an estimated period of 90 days to facilitate replacement and restoration of affected equipment and structures.

Production Capacity Impact:

We operate three manufacturing facilities for Microcrystalline Cellulose (MCC), one of which is the Hyderabad unit where the incident occurred. This unit contributes approximately **6,000 MTPA** out of our total operating capacity of **21,700 MTPA**, with the balance production coming from our other two facilities located in Gujarat. The other two plants continue to operate normally, and efforts are being made to optimize production from those units during the interim period.
